Part 1: Use Flash to design a Multimedia Resource for Use in the Primary School (90%)

A. The resource can take any of the following forms:
  (i)   A simple movie
  (ii)   An animated teaching aid for teacher
  (iii)   An interactive teaching aid for teacher
  (iv)   An interactive resource for children
  (v)   An interactive game for children
  (vi)   An interactive quiz or test for children
  (vii)   A set of resources
  (viii) A prototype for a set of resources
  (ix)   A music video
  (x)   A movie to help teach a poem or a song
  (xi)   A talking book
  (xii)   An animated cartoon with a message
  (xiii) A resource for the Interactive Whiteboard
  (xiv)   An interactive reference tool
  (xv)   Some other format not covered by the above list.

B. The resource must include
  (i)   Animation
  (ii)   Interactivity (At least one button)
  (iii)   Sound

C. The content must be appropriate to young children and be designed to support learning in at least one curricular area of the Primary School Curriculum or in Religious Education.

D. Marks will be awarded for
  (i)   Appropriateness of Content
  (ii)   Educational Potential
  (iii)   Appearance / Attractiveness to children
  (iv)   Originality / Imagination / Creativity
  (v)   Technical Quality
  (vi)   Smoothness of operation

Part 2: Present a brief explanation (approx. 300 - 400 words) of how you envisage your resource would be best utilised in the classroom (10%)

The project and supporting document must be submitted on a CD, Memory Stick or other portable storage device.

Submission Deadline: 7 January 2013
